29 OCT 2022

8:00 - 8:30	Message and opening	**Mahmoud Salah**

Session I: Advanced options, Debatable Management in Complex Femoro- Popliteal disease

Panel: Dr. Hassan Alzahrani - Dr. Marco Manzi - Dr. Mohamed Bafaraj - Dr. August Ysa
Moderator: Dr. Micheal Lichtenberg

8:30 - 8:38	Treating acute on top of chronic lower limb ischemia in the recent era	**Micheal Lichtenberg**
8.38 –8.46	Different Techniques in management of CFA occlusion	**Grzegorz Halena**
8.46 – 8.54	Rescue acute and chronic occluded distal bypasses .. bailout strategies.	**Fernando Gallardo**
8:54 –9:02	Drug-Eluting Stent Versus Bare Metal Stents for Femoropopliteal Peripheral Artery Disease: One-year Results of the EMINENT Randomized Trial	**Giovanni Torsello**
9:02– 9:10	When and which Scaffold should I use	**August Ysa**
9.10 – 9.18	The use of Endografts in Superficial femoral artery occlusive Disease	**Michel Reijnen**
9:18– 9.26	Diabetic Foot Salvage my algorithm and lessons learned	**Hisham Rashid**
9.26 – 9:34	Rotational Atherectomy as effective debulking tool for SFA Disease management	**Ahmed Sakr**
9.34 – 9:42	Popliteal artery aneurysms: Surgery, Covered or Bare Metal Stents?	**Hany Zayed**
9:42 – 9.55	**Discussion**	

29 OCT 2022

Session II: Aorto- iliac occlusive Disease … what is New and what is Debatable

Panel: Dr. Ahmed Nasef - Dr.Hassan Ahmed Alzahrani - Dr. Isam Osman – Dr. Ahmed Afandi
Moderator: Dr. Mike Wyatt

9.50 - 9.58	Management of Aortoiliac Occlusive Disease: how I do it?	**Ali Badra**
9.58 –10.06	CERAB vs kissing stents. Radiation, operating time and long-term outcomes	**Fernando Gallardo**
10.06 -10:14	Flush Juxta-renal aortic occlusions, Endovascular is the best approach	**Mercedes Guerra**
10:14 – 10:22	Endovascular treatment and the preservation of Erectile Function in Complex aorto-iliac lesion.	**Souad Benalall**
10:22– 10.30	Recent updates on SVS guidelines in Aorto iliac occlusive disease	**Ahmed Elmarakby**
10.30 – 10.38	Transradial iliac artery intervention: update from the BIONETIC TRA trial	**Micheal Lichtenberg**
10.38 - 10:46	Brachial approach for Aorto iliac occlusive disease	**Krzysztof Szanieweski**
10:46 -11:00	**Discussion**	
11:00 – 11.15	**Coffee Break**	

29 OCT 2022

Session III: CLIC @ Vascular ART LIVE transmission + BTK intervention session

Panel: Dr. Hussein Khairy - Dr. Mohammed EL Twallah - Dr. Mahmoud Salah – Dr. Giovanni Torsello
Moderator: Dr. Marco Manzi

11.15: - 11:23	Popliteal artery stent or no stent	**Mariano Palena**
11.23 –11: 31	Live case from Abano Terme	**Mariano Palena**
11:31 -11:39	Complications of BTK Interventions … How to manage?	**Marco Manzi**
11:39 – 11:59	Debate BTK- one vessel is enough	**Mohamed Algarni**
11:59– 12:07	Debate BTK- the more the better	**Mahmoud Salah**
12:07– 12:15	Role of eluting technology in BTK interventions	**Mosaad Soliman**
12:15 – 12:23	Atherectomy BTK	**Marco Manzi**
12:23 – 12:31	Stenting in BTK lesions	**Ahmed Sakr**
12:31 – 12:39	Challenging cases of BTA	**Marco Manzi**
12:39 – 12:47	Revascularization of Desert Foot. Are there options?	**Hisham Rashid**
12:47 – 12:55	Deep venous arterialization in no option CLTI	**August Ysa**
12.55 – 13.15	Live case from Italy. Abano Terme	**Mariano Palena**
13.15 – 13.30	**Discussion**

COLLABORATION

Marco Manzi
Session Moderator
Director of Interventional Radiology at Policlinico Abano Terme (PD) Italy

Mariano Palena
Live Case Operator
Interventional Radiologist Consultant at Policlinico Abano Terme (PD) Italy

Mahmoud Salah
Vascular ART President
Consultant vascular endovascular surgery. Head of vascular surgery dep., SGH Jeddah. Chief of vascular surgery

Ahmed Sakr
Vascular ART Secretary
A. Consultant of vascular Surgery, Vascular endovascular surgery Dep. SGH. Coordinator of endovascular unit, SGHJ,

VS ART

ADVANCED REVASCULARIZATION TECHNOLOGIES

Mahmoud Salah
Vascular ART President
Consultant vascular endovascular surgery. Head of vascular surgery dep., SGH Jeddah. Chief of vascular surgery

Daniel Montano
CEO of Zhittya Genesis Medicine Inc.

Round Table Discussion

Role of Angiogenesis in Vascular Disease Management

Jack Jacobs

Chief Of Scientific Office Zhittya ,USA

29 OCT 2022

Sponsored Symposium By Zhittya Angiogenesis in PVD

Panel: Dr. Martin Storck - Dr. Mahmoud Salah
Moderator: Dr. Marco Manzi

13:30- 13:50 Role of Angiogenesis in Vascular Disease Management — **Jack Jacobs**

13:50 -14:00 **Discussion**

14:00 -14:45 **Lunch Break**

29 OCT 2022

Session IV: Controversies in Carotid Artery Disease Management Practice Guidelines

Panel: Dr. Martin Storck - Dr. Grzegorz Halena - Dr. Abdullah Alhaizaey – Dr. Wael Tawfik
Moderator: Dr.Michael Kallmayer

14:45 - 14:53	Overview of ESVS 2022 Carotid Guidelines	**Michael Kallmayer**
14.53 –15.01	Carotid Endarterectomy: How It Should Be Done	**Martin Storck**
15:01- 15:09	Carotid artery Stent selection	**Wael Shaalan**
15:09 – 15:17	Protection Devices IN CAS	**Grzegorz Halena**
15:17– 15:25	TCAR vs trans femoral stenting .. what we need to know	**Mohamed Gaber**
15.25 – 15.33	Nightmares in Carotid Artery Disease management …. Cases presentation	**Dainis Krievins**
15.33 – 15.41	Carotid artery Dissection, BMT vs Intervention	**Michael Wyatt**
15.41 – 15.49	ACST II trial .. what it tells us	**Mercedes Guerra**
15.49 -15.57	Carotid Artery Aneurysm Management … what literature tells us	**Laszlo Papp**
15.57 -16.05	Carotid body tumors excision… Delicate Art of surgery	**Ahmed Nasef**
16:05 – 16:15	**Discussion**	
16.15 :16.30	**Coffee Break**	

29 OCT 2022

Session V: Expansion of Endovascular era in Chronic kidney Disease cases

Panel: Dr. Ihab Saad - Dr. Ashraf Hedayet - Dr. Hesham Sharaf – Dr. Almaaoun Justineah
Moderator: Dr. Micheal Lichtenberg

16.30: - 16:38	Optimization of AV access Outcomes	**Laszlo Papp**
16.38 –16.46	Assisted Maturation and Endovascular management of failing AV access.	**Mohammad AlTwalah**
16:46 -16:54	Long term outcome in angioplasty of AV access	**Hisham Moustafa**
16:54 :17.02	Nightmares in Endovascular CVO management.	**Walid Masoud**
17:02– 17.:10	Rupture of Aneurysm, Pseudoaneurysm In long term dialysis patients. Management options and outcome	**Atef Abdelhameed**
17:10 – 17:18	Dedicated venous stents in CVO for hemodialysis patients	**AlaaEldin Ahmed**
17.18 – 17.26	Tailored approach for central venous occlusion in dialysis patients	**Nashwan Attab**
17.26 – 17.34	AV access: Management of ischemic complications.	**Ahmed Naga**
17:34 – 17:42	Endo AVF … Novel Technology.	**Shagran B.Khamis**
17.42- 17.52	Updates & new ideas in the management of steal syndrome	**Mohamed Shaltout**
17.52 -18.00	Renal transplant patient selection and optimization	**Ashraf Hussein**
18.00-18.10	**Discussion**	

30 OCT 2022

Session VIa: Diabetic foot salvage Session (what is the update in this battlefield).

Panel: Dr. Munier Nazzal - Dr. Khalid Edris - Dr. Saed Elmalah
Moderator: Dr. Laszlo papp

8:00 -8:08	Modalities of diabetic Wound healing Technologies.	**Hossam Saleh**
8:08– 8:16	Surgical management of DF infection and osteomyelitis	**Khalid Edrees**
8:16– 8:24	Modalities & Effectiveness of offloading in management of diabetic foot ulcers	**Hany Badahdah**
8:24 – 8:32	Tight-Shoes Syndrome	**Farouk Elalfy**
8.32- 8.40	distal approach revascularization is better than surgery in chronic limb threatening ischemia	**Munier Nazzal**
8:40 - 8:45	Challenges in treatment of chronic wounds. Advances in wound care	**Mahmoud Salah**
8:45 - 8:50	**Discussion**	

Session VIb: D- Foot international session (Advanced Technology in this battlefield)

Panel: Dr. Mohamed Elsharkawy - Dr. Mahmoud Salah
Moderator: Dr. Vijay Viswanathan

8:50– 9:10	Preventing lower limb amputations in people with diabetes: The Chennai Experience	**Vijay Viswanathan**
9:10 – 9:20	Color coded etiological keys: A simple survey tool towards amputation-free limb survival in diabetic foot lesions	**Mohamed Sharkawy**
9.20 –9.30	**Q & A**	

30 OCT 2022

Session VII: Abdominal aortic aneurysm (Advance management technologies)

Panel: Dr. Mohamed Bafarag - Dr. Hussein Kamal - Dr. Mohamed Hosny - Dr. Giovanni Torsello
Moderator: Dr. Michel Reijnen

9:30 - 9:38	Changes in practice since NICE guidelines. Which patients should undergo open repair?	**Michael Wyatt**
9:46 - 9:54	Management of Endo tension and type II endoleaks.	**Reda Jamjoom**
9:54 – 10.02	Failing EVARs (Causes, How to avoid). Is FEVAR the answer?	**Dainis Krievins**
10:02– 10:10	Debate: Para-renal aneurysm: Open repair is the best approach	**Krzysztof Szanieweski**
10:10 – 10:18	Debate: Para-renal aneurysm: Ch/EVAR ,FEVAR/BEVAR is the best approach.	**Mohamed Hosney**
10:18 - 10:26	title "One size does not fit all" Different EVAR grafts have different indications	**Mohamed Elkasaby**
10:26 -10:34	The use of Endo Anchors in patients with a wide infrarenal neck	**Michel Reijnen**

30 OCT 2022

10:34 - 10:42	Isolated iliac artery aneurysm in an otherwise fit patient (debate): Open repair is best appropriate approach.	**Ahmed Nasef**
10:42 -10:50	Isolated iliac artery aneurysm in an otherwise fit patient (debate): Endovascular repair should be the first strategy.	**Hassan AlZahrani**
10:50 -10:58	Long-term results of EVAR in angulated versus hyper angulated aortic aneurysm neck	**Giovanni Torsello**
10:58– 11:06	Retro Grade Mesenteric Angioplasty After Surgical repair of Juxta renal Aortic Aneurysm	**Mahmoud Salah**
11:06 – 11:14	Infected Aortic Grafts, when should we operate??	**Wael Tawfick**
11:14- 11:24	**Discussion**	
11:24 – 11:40	**Coffee Break**	

30 OCT 2022

Session VIII: Thoracic Aortic Disease Management (Expert Consensus)

Panel: Dr. Reda Jamjom - Dr. Mohamed Gaber - Dr. Danis Krevins - Dr. Mosaad Soliman
Moderator: Dr. Isam osman

11:40 - 11:48	Management of acute uncomplicated type B aortic dissection; Do we have a consensus on management?	**Ahmed Sayed**
11.48 –11.56	A Strategy of Delayed Repair for Blunt Thoracic Aortic Injury : Experience from a centre in Saudi Arabia	**Isam Osman**
11:56 –12:04	Proximal Migration After TEVAR Causing Type 1B Endo leaks: What Are the Mechanisms and solutions.	**David Wells**
12:04 – 12.12	Endovascular Therapy for Complicated acute type B Aortic dissection Nonischemic vs. Ischemic outcomes	**Ahmed Eleshra**
12:12– 12:20	End-organ ischemia post-TEVAR. Tips and tricks to avoid and manage	**Hany Zayed**
12:20 – 12:28	Intramural hematomas and penetrating aortic ulcers. Prognosis and need for TEVAR	**Ayman Elsamadoni**
12:28 -12:36	Contemporary and Endovascular treatment of aortic arch pathology.	**Mohamed Gaber**
12:36 - 12:44	blunt traumatic thoracic .. injury (concepts of endovascular management)	**Ahmed Afandi**
12.44-12.55	**Discussion**	

30 OCT 2022

Session IX: Thoraco Abdominal Aortic Aneurism .. Challenges and nightmares

Panel: Dr. David Wells - Dr. Munir Nazal - Dr. Mercedes Requina – Dr. Khalid Hindawy
Moderator: Dr. Ali Badra

12.55: - 13:03	Nice Guidelines on Rupture Aortic Aneurysm	**David Wells**
13:03 - 13.11	Does a shaggy aorta influence procedure selection	**Sherif Omar**
13.11 -13:19	New recommendations regarding platelet Management in BEVAR and FEVAR - and how we do it	**Martin Storck**
13:19 – 13:27	Debate : B-EVAR F-EVAR is best management in TAAA	**Ali Badra**
13:27– 13.:35	Debate : When F EVAR is not available ,... Ch EVAR can be a solution in complex TAAA	**Dainis Krievins**
13:35– 13:43	left subclavian artery Occlusion during traumatic TEVAR	**Abdullah Alhaizaey**
13:43– 13:51	Type 1A endoleak after endovascular repair how do I manage	**Michael Kallmayer**
13:51– 13:59	Bridging grafts types in FEVAR *B EVAR, When and why shall I use them	**Nilo Mosquera**
13.59 – 14.07	Protocol Of protection against SCI in TAAA repair .. How we do it	**Shady Hemeda**
14.07 -14.20	**Discussion**	
14.20 - 15.00	**Lunch Break**	

30 OCT 2022

Session X: Acute Deep Venous Thrombosis … Recent modalities and Debates

Panel: Dr. Amr Gad - Dr. Hassan Soliman - Dr. Alaa Abdel Halim - Dr. Krzysztof Szanieweski
Moderator: Dr. Mostafa Soliman

15.00: - 15:08	Debate: Acute ileo-femoral DVT : BMT Still Gold standard	**Mostafa Soliman**
15.08 –15.16	Debate: Endovascular management is more convenient.	**Mohamed Rafaat**
15.16- 15.24	Aspiration thrombectomy + Stenting in Acute DVT Case presentation	**Ayman Elsayed**
15:24 – 15:32	Splanchnic vein thrombosis SVT: Devil lies in details	**Hanan Hamed**
15:32– 15:40	CDT in acute DVT; debates and recent alternatives	**Ahmed Farghaly**
15.40- 15.48	Endo vascular treatment of Submassive Pulmonary embolism should be treatment of choice	**Munier Nazzal**
15:48 -16.00	**Discussion**	
16.00– 16:15	**Coffee Break**	

30 OCT 2022

Session XI: Chronic venous occlusion in Ilio femoral And CAVAL disease

Panel: Dr. Ali Badra - Dr. Almamoon Justaniah - Dr. Essam AlKadi - Khaled Abdelal
Moderator: Dr. AlaaEldin Ahmed

16.15 - 16:33	Chronic venous occlusion . . Ulcer management	**Wael Tawfick**
16.33 –16:41	Tips and tricks for eco microwave ablation for lower limb varicose veins treatment	**Khaled Abdel-Aal**
16:41 -16:49	Chronic venous occlusion .. Stent Selection	**AlaaEldin Ahmed**
16:49 – 16:57	Long-term outcome of dedicated venous stents in management of chronic iliofemoral obstruction	**Abdelrahman Salem**
16:57– 17:05	Technical challenges of iliac vein stenting in chronic occlusion	**Rashad Bishara**
17:05 -17:13	Stent vs no stent in central venous occlusion	**Almamoon Justaniah**
17:13 –17:21	Approach to Acute Intermediate-Risk Pulmonary Embolism	**Haitham Damarany**
17:21 – 17:29	Recanalization of totally occluded IVC with old thrombosed IVC filter.	**Mahmoud Salah**
17:29 - 17:39	CLaCS for vanishing spider veins- Early Egyptian experience	**Ayman Fakhry**
17.39 – 17.50	**Discussion**	
17.50 - 18.00	**Memorial photos**
