

Conference Daily Schedule Framework Day 1 Agenda

Time	Main Auditorium	Side Rooms A-D (Workshops)	Side Room E (RTD)	Limb Rescue Room F	Exhibition Area	Posters Zone
08:00- 08:30	Opening Ceremony (Day 1 only)					
08:30- 09:30	Session 1 Redefining Boundaries in Complex EVAR"					
09:30–10:30	Session 2 Femoropopliteal Controversies: Devices, Strategies, and the Pursuit of Durable Outcomes	 Rotational Atherectomy Orbital Atherectomy Simulation – AAA Management (C) Vascular Anastomosis Training (Young Surgeons) 				
10:30–11:00	Coffee Break					
11:00–12:00	Session 3 Mastering the Aortoiliac Landscape– Evolving Tools for Complex Anatomy	 Rotational Atherectomy Venous Stenting Simulation – TAAA Planning Vascular Anastomosis Training (Young Surgeons) 	RTD & Hot Topics Start(BTK) – Are We Getting Better at It		The Vascular Art Theater: I Shouldn't Have Done This – But I Did Complex CFA with bailout (30 min)	Poster Evaluation
12:00–13:00	Session 4 Complex Venous Pathologies: Contemporary Endovascular Strategies		RTD Controversies Management of Type IIEndo leaks – Ignore, Inject or Intervene?			
13:00–14:00	IOI Industry Lunch Symposium					
14:00–15:00	Session 5 The Thoracic Aorta – Innovations, Challenges, and Controversies	 Bioresorbable Scaffold Lithotripsy IVL Therapy Venous Stenting Vascular Anastomosis Training 	RTD Debates 1 Common Femoral Artery (CFA) – To Stent or Not to Stent?	1-Crossing the Line: Tools for BTK and BTA Revascularization 2- Is It Flow or No Flow? Imaging in Limb Threat 3- The Limb Preservation Team: Who's at the Table and Why	The Vascular Art Theater: The Day I Had to Invent My Own Tool Customizing wires / access (30 min)	Poster Evaluation

Website: www.vascularart.com | Email: VP@VascularArt.com | Tel: 00966 54 647 8846

P.O Box: 2550 Jeddah

15:00–16:00	Session 6 Pelvic and Mesenteric Circulation: Who, When, and How to Intervene Safely"	Bioresorbable ScaffoldLithotripsy IVL TherapySimulation – AAA	RTD Debates 2 Symptomatic Carotid Stenosis: What If It's a Surgical No-Go	4-Wound Care 360: Debridement, Dressings, and 5- Decision-Making New Hope in Hard Wounds: Biologics, Oxygen & Adjuncts Final Q/A	The Vascular Art Theater: Save Me" Case from the ICU TEVAR in ruptured TAA with shock (30 min)	
16:00–16:30	Coffee Break					
16:30–17:30	Session 7 Diabetic Limb Salvage and Wound Care: Timing, Tools, and Techniques That Matter"		Final / Q&A		The Vascular Art Theater: Battle Scars: When DVA Went Wrong BTK complications (30 min)	

Day 2 Agenda

Day 2 1 gonda							
Time	Main Auditorium	Side Rooms A-D (Workshops)	Side Room E (Experts & Debates)	Limb Rescue Room F	Exhibition Area	Posters Zo	
08:30-09:30	Session 8 Modern Tools for Complex SFA Lesions: From Balloons to Drug Delivery and CO ₂ Angioplasty						
09:30–10:30	Session 9 Advanced Technologies and Complex Decision Making in Thoracic Aortic Disease						
10:30–11:00	Coffee Break						
11:00–12:00	Session 10 Below-the-Knee Revascularization – Technology, Technique, and Long-Term vision"	 Rotational Atherectomy Orbital Atherectomy Simulation – AAA Management Vascular Anastomosis Training (Young Surgeons) 	■ RTD & Hot Topics Start (DVA) No Option CLI Step by Step with experts		The Vascular Art Theater: From No Flow to Wow Retrograde puncture rescue case	Poster Evaluation	
12:00–13:00	Session 11 Supra-aortic and Emergency Vascular Surgery: Decisions Under Pressure"	 Rotational Atherectomy Venous Stenting Simulation – TAAA Planning Vascular Anastomosis Training (Young Surgeons) 	RTD Controversies Endo-Only vs. Open Conversion – When Should We Bail Out EVAR		The Vascular Art Theater: When the Neck Lied – EVAR Surprise Endo leak management		
13:00–14:00	Industry Lunch Symposium						
14:00–15:00	Session 12 Vessel Preparation and Atherectomy – Foundation for Durable Success	 Bioresorbable Scaffold Lithotripsy IVL Therapy Venous Stenting Vascular Anastomosis Training 	RTD Debates 1 Venous Stenting: Where Are the Boundaries?	1- When We Succeeded Together: Team Save Case Series	The Vascular Art Theater: "This Case Should Have Been an Amputation But Wasn't" Wound care	Poster Evaluation	

Website: www.vascularart.com | Email: VP@VascularArt.com | Tel: 00966 54 647 8846

P.O Box: 2550 Jeddah

				2-	Nephrology & the Diabetic Foot: What Dialysis Patients Need		
15:30–16:30	Session 13 Dialysis Access and renal interventions: Sustainability, Innovation, and Salvage Strategies"	Bioresorbable ScaffoldLithotripsy IVL TherapySimulation – AAA	RTD Debates 2 Acute Type B Aortic Dissection – To TEVAR or To Wait?	3- 4- 5-	I Saved the Foot: Real Cases in Revascularization Who Really Owns the Limb? Final Q/A	The Vascular Art Theater: I Can't Believe This Worked Venous stenting T-junction re- entry	
15:00–15:30	Coffee Break						
16:30–17:30	Session 14 Complex Venous Disease: Chronic Pain, Obstruction, and Ulceration—What Works	Parallel Workshops	Final / Q&A				

Day 3 Agenda

Time	Main Auditorium	Side Rooms A-D (Workshops)	Side Room E (Experts & Debates)	Exhibition Area	Posters Zone
08:30-09:30	Session 15 EVAR: From Custom Grafts to Low-Profile Systems—Where Technology Meets Anatomy				
09:30–10:30	Session 16 Distal Revascularization: Breaking Barriers Below the Ankle				
10:30–11:00	Coffee Break				
11:00–12:00	Session 17 Challenging cases Scenarios	Vascular AnastomosisTraining	RTD Recurrent DVT and Post-Thrombotic Syndrome: Are We Doing Enough	The Vascular Art Theater: Too much Stents, One Limb – Now What? Over stenting dilemma	Poster Evaluation
12:00–13:00	Session 18 Heavy Calcium, Fragile Arteries: Solutions for the Toughest Lesions	Vascular AnastomosisTraining	RTD The Future of Drug Technologies in PAD		
13:00–14:00	Industry Lunch Symposium				
14:00–15:00	Session 19 Artificial Intelligence in Vascular Surgery: Future Friend or Foe		RTD Stents and Balloons in Dialysis Access: Are We Overusing?	The Vascular Art Theater: Panel: What I Learned the Hard Way	
15:00–15:30	Coffee Break				
15:30–16:30	Session 20 New horizons in vascular surgery: Training, Global Impact, and Strategic Innovation		RTD Vascular Trauma and Hybrid Techniques	The Vascular Art Theater: All In: Triple Trouble TAAA Multibranch + access challenge	
16:30–17:00	Closing Cermoney				

Legend (Color Key):

- Opening Ceremony
- Main Auditorium Sessions (Peripheral intervention sessions)
- Workshops (Hands-on, live demo, device training Rooms A–D)
- Experts / Hot Topics / Debates (Side Room E, 12:00–16:30)
- **Challenging Scenarios** (Expert-led discussions in Exhibition Area)

- Poster Evaluation (Daily 11:00–12:00)
- Coffee Break (10:30–11:00 and 15:00–15:30)
- **Lunch Symposium** (12:00–13:00)
- Legend (Color Key):
 - Aortic Sessions
 - Peripheral intervention sessions
 - Diabetic Foot Disease and wound management
 - Venous Disease Session
 - Dialysis access session
 - Artificial Intelligence and new horizons

With warm regards, Organizing Committee Vascular Art 2025
